

Brillant 230 Cut Off Machine

12
inch

Brillant 230

Easy. Accessible.

The **Brillant 230 Cut Off Machine** is the perfect choice when a simple laboratory grade saw is needed.

A generous 15 x 10" cutting surface accommodates large pieces. The front door slides open and side door swings ajar, providing room to manipulate and position awkward pieces. Left and right side ports can be opened for continuous cutting of long materials.

The unit includes a 5.4 HP motor and ergonomically positioned handle for comfortable operation. Bright LED lights surround the chamber so the operator can view the cutting procedure. A replaceable ceramic arbor protects the shaft.

The main unit is constructed of corrosion resistant marine grade aluminum for years of dependable, trouble free operation.
