

UC Berkeley
Cryo EM Course
Quick Registration Form

Name: _____
Institution: _____
Address: _____

Phone: _____
Email: _____

Please circle primary area(s) of interest:

HPF/Freeze Substitution - Immunolabeling,
Vitreous cryosectioning with cryoTEM
Plunge Freezing (bare grid) with cryoTEM
Tomography - Correlative LM/EM
Cryo-SEM - Other _____

For Visa/MC you may send a photo copy of it with this registration, or call 949-723-0283 for processing.

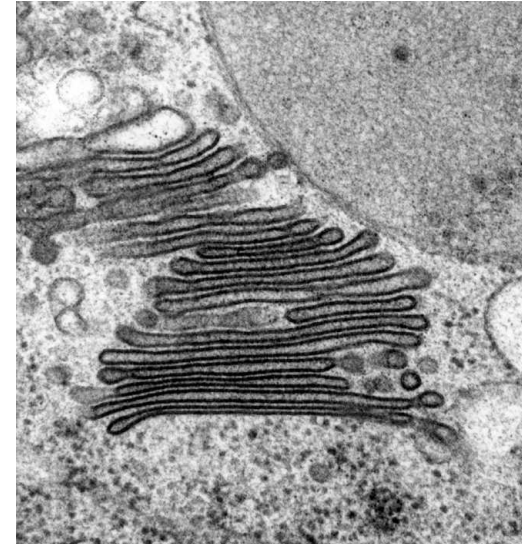

Please Fax to 949-266-5672 or mail with check:

Marine Reef Int'l
Attn: Berkeley EM Course
1048 Irvine Ave.
Suite 634
Newport Beach, CA 92660

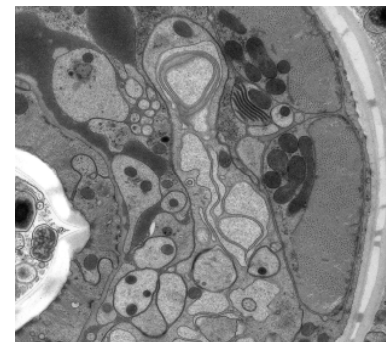

You may also email your request to join the course, or questions, to Kent McDonald at klm@berkeley.edu or Paul DeGeorge at pdegeorge@marinereef.com

UC Berkeley
Cryo EM Course

Hosted by Hitachi
June 10-18th, 2010

EM Cryotechniques
& Cellular Tomography !

High Pressure Freezing and Freeze substitution.

Vitreous Cryosectioning and CryoTEM.

Immunolabeling of cryosections by the Tokuyasu technique.

Introduction to Cellular Tomography and 3-D Modeling.

Correlative LM-cryoEM

Cryo-SEM
